

PRESS RELEASE

Summer 2014 Internships

September 22, 2014

Over 175 members of Gamma Iota Sigma’s Sigma Chapter held internships in the Risk Management, Insurance, and Actuarial Science industry this past summer. Members worked at 78 different companies, and were located in 16 different states, Bermuda, Saudi Arabia, and Vietnam.

The Sigma Chapter is committed to the professional development of its members. Interview skills, etiquette, and career development workshops along with intern receptions that are held throughout the year enable students to succeed both during the interview process and once in the workplace. The success of summer internships would not be possible without the hard work of the Professional Development officers, Career Developments officers, and faculty advisors.
