TUTTLEMAN 101
11:40-12:30

Mr. Keith L. Smith is currently an Analyst in the Eastern Region Analytical Services Group at Risk Management Solutions. He has been with them since 2000 and currently works with domestic and international insurers and reinsurers on a variety of projects that aid in their risk management decisions.

Prior to joining Risk Management Solutions, Keith was employed by Guy Carpenter & Company Inc. as a catastrophe-modeling analyst. He is a graduate of The Fox School of Business and Management at Temple University and is an Alumnus of Gamma Iota Sigma - Sigma Chapter..

BAYLOR INITIATION

On Friday, February 23, eight Sigma Chapter officers will embark on a voyage to Waco, TX to welcome another member to Gamma Iota Sigma family.

On Friday night, approximately 20 new members and officers will be initiated into the Alpha Pi Chapter at Baylor University. Alpha Pi will represent the first and only GIS chapter in Texas. The chapter is already planning to get support from major metropolitan areas such as Dallas and plans on becoming a major contributor to the national fraternity in upcoming years.

On Saturday, there will be a one-day retreat with officers from Sigma, Alpha Alpha, and Alpha Pi meeting to discuss the implementation of the new chapter.

"BE MY VALENTINE"

Throughout the first two weeks of February, the Sigma Chapter was selling roses on the first floor of Speakman in order to commemorate everyone's favorite holiday. Antonio and the Public Relations Committee worked tirelessly to ensure the success of the sale.

Manning the tables from early in the morning until late in the afternoon proved to be a daunting task, but thanks to their efforts, the event proved to be a huge success, raising over \$200 for the chapter and GIS charities.

FEATURED SUMMER INTERN NATE LEWANDOWSKI

Year: Junior
Major(s): Finance *and* Risk Manag.
Company: Commerce National Insurance Services
Business: Insurance Brokerage
Location: Cherry Hill, NJ
Position: P& C Broker Intern
Description: Assist brokers in the development of rates for middle-market clientele
Best part of internship: I had the opportunity to visit some of the brokers' clients. It was a great way to

see how a client's unique needs can be tailored into an insurance product.

How did you get this internship?: Commerce saw my resume in the resume book and contacted me for an initial interview. From there, the skills that I learned through the interview workshop and mock interviews helped me solidify the position.

Advice to others: If you want a competitive internship, be sure that you have good interview skills. The interview is one of the most impor-

FEATURED COMMITTEE: STUDENT AFFAIRS

The Student Affairs Committee is an interactive committee responsible for coordinating the charity events for Gamma Iota Sigma. They are continuously looking for ways that we, as an organization, can give back to the community. Being a committee member is an excellent opportunity to become active in Gamma and have fun at the same time.

In the past, we participated in a number of memorable events. Last

year, we helped to brighten up Christmas for children at St. Christopher's Hospital wrapping presents and spending time with the children. This year, we are going to dedicate our much-needed time to the Greater Philadelphia Food Bank, the Ronald McDonald House, and the St. Francis Inn where we will help to prepare and serve food for needy families. We are also going to coordinate efforts with the children in our community

by volunteering at the local YMCA. For more information about this committee, please contact:
