Internship Testimonials Chapter Information

Dear Members,

Welcome to another exciting semester with Gamma Iota Sigma at Temple University. I hope that everyone had a refreshing break, and is ready for all the challenges and fun the spring will bring.

The officers have been working hard planning an impressive array of events, workshops, and social activities. Our signature event, the H. Wayne Snider Distinguished Guest Lecturer Series, promises to be one of the best we have ever had. This semester we have risk managers of Fortune 50 companies, consultants, and Chief Executive Officers coming to speak to our students. They will be discussing cutting edge, current industry topics in an effort to compliment your class work and internship experiences.

The Sigma Chapter has a long and storied tradition within the Fox School of Business at Temple University. Last semester, we celebrated our 26th Anniversary. Each semester we continue to enhance our standing throughout the entire risk management and actuarial community by producing top-notch graduates and internship candidates. I strongly encourage you to help in our continuing quest for excellence by joining committees, participating in our social and professional events, and attending our Speaker Series.

Here's to a great semester, and I look forward to serving all of you!
Sincerely,

Ben Faust
